Information on the Kindergarten Enrichment Program

Curriculum: Children will be enriched with expanded topics that have been introduced in the morning kindergarten session, such as phonics, writing, counting, learning to tell time, measuring, and Bible stories. The children will have stories read to them that will enhance the development of listening and speaking skills and they will be provided with rest breaks when needed.

Additional Activities: The children will participate in an art class and they will use computers to further their development of the skills being taught. They will eat lunch with their classmates in the cafeteria and participate in recess activities with other classes.
